

## COVID-19 VACCINE UPDATE:

As we continue our efforts to try to get designated appointments for members for the Covid-19 vaccination appointments, below is an update for those interested in receiving the vaccine and how to find a distribution center near you:

As of last week, COVID-19 vaccine eligibility has expanded to all New Yorkers over 16 years of age.

In New Jersey, eligible groups now include anyone 55 years and older, individuals over 16 years of age with certain medical conditions or intellectual and developmental disabilities, and an expanded list of essential workers. On April 19, all New Jersey residents 16 or older will be eligible for the vaccine.

For more information on eligibility visit the New York and New Jersey COVID-19 websites:
